

Ejercicios: Tabla del 3

1. Multiplicación en Orden:

$3 \times 1 = \underline{\quad}$
$3 \times 2 = \underline{\quad}$
$3 \times 3 = \underline{\quad}$
$3 \times 4 = \underline{\quad}$
$3 \times 5 = \underline{\quad}$
$3 \times 6 = \underline{\quad}$
$3 \times 7 = \underline{\quad}$
$3 \times 8 = \underline{\quad}$
$3 \times 9 = \underline{\quad}$
$3 \times 10 = \underline{\quad}$

Multiplicación Desordenada:

$3 \times 7 = \underline{\quad}$
$3 \times 2 = \underline{\quad}$
$3 \times 9 = \underline{\quad}$
$3 \times 4 = \underline{\quad}$
$3 \times 8 = \underline{\quad}$
$3 \times 3 = \underline{\quad}$
$3 \times 6 = \underline{\quad}$
$3 \times 1 = \underline{\quad}$
$3 \times 5 = \underline{\quad}$

2. Ejercicios de Relleno (Lógica Inversa):

$3 \times \underline{\quad} = 21$
$3 \times \underline{\quad} = 12$
$3 \times \underline{\quad} = 27$
$3 \times \underline{\quad} = 18$
$3 \times \underline{\quad} = 30$
$3 \times \underline{\quad} = 6$

3. Repaso Combinado (Tabla del 3 y 2):

$3 \times 4 = \underline{\quad}$	$2 \times 6 = \underline{\quad}$
----------------------------------	----------------------------------

$2 \times 3 = \underline{\quad}$	$3 \times 5 = \underline{\quad}$
$3 \times 8 = \underline{\quad}$	$2 \times 9 = \underline{\quad}$
$2 \times 7 = \underline{\quad}$	$3 \times 2 = \underline{\quad}$
$3 \times 6 = \underline{\quad}$	$2 \times 4 = \underline{\quad}$
